muprog4@gmail.com

Address:

Addis Ababa

Language Skills

Amharic - Native, English - Advanced

About

I am passionate about software development, particularly with the MERN stack, which I utilized for my final project. My experience includes developing dynamic web applications, collaborating on team projects. I am eager to bring my skills in JavaScript, Node.js, and database management to a dynamic team where I can contribute to innovative solutions and continue to grow as a developer.

Education

Bachelor
Computer Science
Gondar University
GPA: 3.48

Sep 2024
Graduation date

Additional Skills

Html and css, Javascript, React js, Node js, React js

To Whom It May Concern

I am writing to recommend **Adoniyas Seid Hassen**, a dedicated and talented student from the University of Gondar's College of Informatics. I had the privilege of teaching Adoniyas in several courses, including Microprocessor and Assembly Language, Wireless Communication and Mobile Computing, and Image Processing. His performance in these subjects was consistently impressive, reflecting both his technical acumen and his enthusiasm for learning.

As his project advisor, I guided Adoniyas during a significant web-based project that utilized an array of modern technologies, including React, Vite, Tailwind CSS, Material UI, MongoDB, Express.js, TypeScript, and JWT. Adoniyas excelled in both front-end and back-end development, displaying strong problem-solving skills and a remarkable ability to collaborate effectively with his peers. His leadership throughout the project was vital to its success.

Adoniyas's proactive approach and passion for technology distinguish him as an outstanding individual. I am confident he will excel in any future endeavors and contribute meaningfully to any organization he joins.

I wholeheartedly recommend Adoniyas Seid Hassen for any opportunities he pursues

Sincerely,

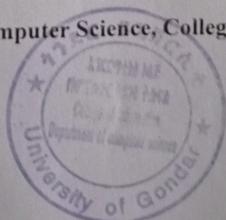

Getnet Tigabie Askale
